Announcing our furlough:

Beginning September 2009

After arriving... they called the church together. They told the people what God had helped them to do and how he had made it possible for the Gentiles to believe.
(Acts 14:27 CEV)

Purpose:

- give reports on activities of current missionary term
- promote missions in our churches
- raise new financial support

Passion:

 The grassroots work of church planting and discipleship consumes us:

- first 18 months, served in Reus, Spain, mentoring a young pastor there and serving the infant church in all capacities
- last 2 years, the Bible study we initiated in Cambrils, Spain has matured into a growing, vibrant church plant
- Spain still has many towns without an evangelical presence; we long to invest our lives in one or more of those places next term

Plan:

 To optimize furlough time, we're now scheduling:

- church services
- missions conventions
- presentations (youth, small groups, WMs, Sunday School etc.)

Practical:

 In the next few months prior to furlough we will:

- install leadership in Cambrils church plant
- pack and store Spain household items, research U.S. apartment to rent & vehicle to purchase, etc.
- contact ministry partners (current and potential) in U.S.

Petition:

 As we work to raise our budget for next term, we ask that you contact us soon to schedule and that you partner with us through:

- financial support
- prayer support

Blessings,

Steve and Susan

Spain facts:

Population: Approx. 45 million

Percentage of evangelicals: *Less than 1%*

Number of AG national churches & preaching points: *Approx. 200*
